

Northampton Parks & Recreation

Code to the Future Programs

Scratch Video Game Design

For: Ages 7 - 12

Dates: July 23 - July 27

Time: 9:00am-12:00pm

Location: JFK Middle School, Library

Fee: \$220 residents (non residents add \$10)

Instructor: Code to the Future Staff

Come and learn how to speak the language of computers! Participants will dive into the exciting world of computer programming through a block-based programming tool called "Scratch" that makes it simple for anyone to learn programming! With Scratch, the possibilities to create are endless! Throughout the program, new programmers create projects like an "epic space battle game" or a "choose your own adventure story!"

Minecraft Modding Program!

For: Ages 9 - 14

Dates: July 23 - July 27

Time: 1:00pm-4:00pm

Location: JFK Middle School, Library

Fee: \$220 residents (non residents add \$10)

Instructor: Code to the Future Staff

Why just play Minecraft when you can create Minecraft? In this program designed for quick learners or those with coding experience, participants will immerse themselves in the language of computers through Minecraft! Using Java, a professional, text-based coding language, they will learn to create Minecraft mods like "craft a sword out of mushy bananas," or "spawn a flying golden cow!" This will help kids to make the full transition from player to creators and open up a whole new world of Minecraft!

Please note there is **not** a full day option for this program.
Each child must be **signed in & signed out** at the end of each session
